## Research and Markets: Global Digital PTP Radio Market Analysis & Forecast, 2009-2014, 6th Edition

Dublin, Jul 12, 2010 (M2 PRESSWIRE via COMTEX) -- Research and Markets ([http://www.researchandmarkets.com/research/eac1f4/global\\_digital\\_ptp](http://www.researchandmarkets.com/research/eac1f4/global_digital_ptp)) has announced the addition of EJL Wireless Research's new report "Global Digital PTP Radio Market Analysis & Forecast, 2009-2014, 6th edition" to their offering.

### 100% Free Network Management Software and Helpdesk Tools

Download a completely free network management software solution for IT pros. Spiceworks provides several tools and functionality to help simplify IT such as: network monitoring, help desk, virtualization management, warranty tracking, SQL server monitoring, network inventory & PC troubleshooting tools, and more. [Download Now.](#)

This report covers the global market for mmwave Point-to-Point radios (PTP). In depth historical unit shipment data is provided for 2009 with a five-year forecast from 2010-2014 also included. Detailed unit shipment data by OEM is provided for 2009. Both the legacy SDH and PDH markets as well as the emerging trends and applications such as Gigabit Ethernet and E-Band (71-77GHz) products are analyzed.

The following is a partial listing of OEMs that are included in this report: Advantech Wireless, Alcatel-Lucent, Aviat Networks, BridgeWave, Ceragon Networks, DragonWave, Ericsson, Fujitsu, GigaBeam, Huawei, Microwave Networks, NEC, Nera Networks, Nokia Siemens Networks, SAF Tehnika, SAGEM, SIAE Microelettronica Features - 2009 PTP Shipments by OEM - 2009 PTP Shipments by Frequency - 2009 PTP Shipments by Geography - 2010-2014 PTP Shipment Forecast by Capacity - Total Pages: 160 - Total Tables: 74 - Total Exhibits: 137 The global point to point (PTP) radio market declined by 10.6% in 2009 to 1.24 million units, according to the latest report from EJL Wireless Research titled Global Digital PTP Radio Market Analysis and Forecast, 2009-2014 6th Edition. The PTP radio market in 2009 was not immune to the financial issues impacting the wireless infrastructure market, says founder and President, Earl Lum. EJL Wireless Research is forecasting that the PTP radio market will recover in 2010 continue to see moderate growth through 2012.

NEC Microwave managed to edge out Ericsson again for the third year in a row. Huawei reached fifth worldwide in its second year in our market share rankings and is poised to enter the top three in by the end of 2011, says Lum.

Asia Pacific and India remained the drivers for the industry while hybrid TDM/Ethernet radios became the leading category in interface types says Lum. North America was the only region to see growth with DragonWave becoming the largest supplier. SDH/Sonet
